

OUTDOOR LED PATHWAY LIGHT

Description

Our Lumo Brass mini mushroom Light is a tiny-modern fixture with a low height and clean lines to enhance the safety and beauty of walkways, gardens, patios and other spaces. This mini path light integrates well into any garden and blends well with other elements in the soft-scape. This solid brass fixture has a pre-aged polished antique bronze finish that maintains its beauty for a lifetime. Compatible with our low voltage system, this light can be used in the same circuit or line with our other low voltage lights. This light comes with a MR8 based lamp which is compatible with most of the dimming systems. (For more info, please contact us)

Color Finish

 Antique Brass
(body)
